

DRAFT FOR REVIEW. NOT FOR DISTRIBUTION UNTIL APPROVED.

Mission-ready software, AI and cloud for federal agencies

Clear Century Software Systems designs, builds, integrates and operates custom software, AI and cloud systems for the federal government, with veteran-led accountability, security built in from the first sprint and delivery teams that scale with the mission.

CORE COMPETENCIES

Custom Software NAICS 541511

Mission applications, portals and APIs built to your requirements, accessible and secure from the first release.

AI & Automation NAICS 541511, 541512

Responsible AI that reads, routes and summarizes, with people in control and governance built in.

Systems Integration NAICS 541512

Architecture, integration and IT planning that connect the systems you have to the systems you need.

Cloud & Data NAICS 518210

Secure hosting, cloud migration and data engineering on FedRAMP-authorized platforms.

IT Support NAICS 541519

Help desk, device and software support, and the smaller technical jobs that keep offices running.

Software Products NAICS 513210

Licensed software and subscriptions when a product fits the requirement better than a custom build.

DIFFERENTIATORS

Veteran-led accountability. A clear chain of responsibility and follow-through on every task order.

Security and ATO readiness. Controls aligned with NIST SP 800-53 from the first sprint, with documentation that supports your authorization to operate.

Accessible by default. Section 508 and WCAG 2.1 AA designed in and tested every release.

Delivery that scales. Cross-functional pods under one accountable lead, added as scope grows.

TARGET AGENCIES

- Department of Veterans Affairs
- Department of Defense
- Department of Homeland Security
- Department of Health and Human Services
- General Services Administration
- Department of Agriculture
- Department of the Interior
- Department of Transportation, including the FAA
- Other civilian and independent agencies
